

RG 104 Entry 21

Box 4

December 5, 1918 to March 31, 1920

Copies of Letters sent to the Director from
the Superintendent of the Denver Mint.

Director

From Dec. 5th 1918

To March 31, 1920

MANN'S PARCHMENT COPYING PAPER.

(Trade-Mark Registered in U. S. Patent Office.)

This Parchment Paper is **MUCH STRONGER** and shows a **CLEARER COPY** than any other ever made for the purpose. The ink is **LESS LIABLE TO SPREAD** and the paper can be written upon with a pen.

DIRECTIONS FOR COPYING.

Place a piece of blotting-board under the leaf of Copying Paper; then, with brush, wet the leaf. Take off surplus water with another sheet of blotting paper; then place the written letter on the leaf, (leaving the blotting-paper under the leaf, to take up any excess of water that may yet remain;) place it in the press, and, in ten or fifteen seconds, a perfect copy will be secured.

The leaves **WILL DRY AS SMOOTH AS SILK**, if the book is placed in the press after Copying.

****** Place oil-sheets between copies just made to prevent bleeding or setting off.

Another Process when many letters are to be copied.

Procure a tin or iron box, with lid, to hold 25 blotting-pads. — (Boxes furnished, if desired.)

Dip half the lot of blotters in water; let them drain off a few moments; then place a dry blotter between each wet one; give them a few moments squeeze in Press and they will remain wet for three days; then take an oil-sheet; place it to the left; then lay a wet blotter; then turn leaf of Copying over on blotter; then lay your letter on; then another oil-sheet, and so on; and you can copy all your letters at one time; thereby saving time. With a little care and experience, at first, as to wetting, you will be so well pleased, as never to resume the old way.

To copy **TYPE-WRITTEN LETTERS**, the leaves require **MORE MOISTURE** than they do to Copy Letters written with **PEN AND INK**.

December 5th, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to advise, with deep regret, that George B. Gray, melter at this institution, passed away early this morning from the prevailing epidemic of influenza. Mr. Gray was appointed here the first of February, 1906, and has been a very faithful and efficient employe.

This makes the third employe we have lost during this epidemic and during its prevalence about 15% of our employees have been and are on the sick list.

Respectfully,

Superintendent.

December 5th, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

I am forwarding, as usual at this time of the year,
Forms Nos. 61 and 637 executed for the eleven months of this
calendar year and separate statement (estimated) for December.

Respectfully,

Superintendent.

3

Charge U.S. Mint at Denver.

December 6th, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that you will kindly have forwarded to this institution as soon as convenient 100 balls of twine as per enclosed sample.

Respectfully,

Shun...

Superintendent.

December 6th, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that official bonds in the
amounts named be prepared for execution by the following
employees of this institution:

John F. Welsh, watchman,	\$ 2,000.
Albert J. Dexter, helper,	3,000.
Benjamin F. McClung, helper,	3,000.

Respectfully,

Thomas A. ...
Superintendent.

December 6th 1918.

The Treasurer of the United States,
Washington, D.C.

Sir:-

Please send this institution by return mail a
supply of Form No. 2149 - Government Bill of Lading - our
supply being practically exhausted.

Respectfully,

James A. Auncer
Superintendent.

December 6, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to my letter of the 9th instant advising you that Morgan T. Jackson, laborer at this institution at \$3.00 per day, had been indefinitely furloughed, I have now to recommend that Lon Williams, laborer at the U.S. Post Office Building, in this city, be transferred from said service to this institution with compensation at the rate of \$3.00 per day to succeed M.T. Jackson.

I enclose application of Lon Williams for the transfer and letter of the 11th instant from the Custodian of the Post Office approving same.

Respectfully,

Thomas Annear

Superintendent.

11
December 12, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

I have this day appointed, subject to your approval,
Harry M. O'Connell a helper at this institution with compensation
at the rate of \$4.00 per day from this date, his oath of office
bearing even date being herewith enclosed.

Mr. O'Connell's name has been selected from an eligible
list submitted to me by the Secretary of the 12th Civil Service
District at San Francisco.

Respectfully,

Superintendent.

28
20

January 2nd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I find that our No. 80 graphite crucibles in which we melt all of our metals for coinage do not stand up under nickel melting for more than $2\frac{1}{2}$ melts per crucible and as these crucibles cost \$11.49 each, it makes a rather expensive melt. I find from experimenting that the crucibles do very well in melting copper and silver but do not seem to stand the heat required for nickel melting. I regret this very much and am today writing Bartley & Company concerning the matter.

We have on hand about seven hundred of these No. 80 crucibles at this time, and it seems to me like throwing money away to use them for melting nickel. May I suggest to you that we be allowed to melt bronze and silver for coinage and not melt any more nickel until I can use up our present supply of crucibles or until an electric furnace can be secured for that purpose. It seems to me that this would be in the interest of efficiency and economy and that the nickel could be melted and coined to meet your demands at Philadelphia where they could do it more efficiently with their electric furnace. I am making these suggestions to you thinking possibly you might be interested and would not want me to continue melting nickel under these conditions.

Respectfully submitted:

Superintendent.

January 2nd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Replying to your letter of December 17th, I beg to state that the formal approval by the Secretary of the Treasury of the appointment of Harry M. O'Connell, helper, has not yet been received.

Respectfully,

Superintendent.

January 2nd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I will thank you to order for this institution forty (40) tons of electrolytic copper ingots to be received here at earliest possible date.

The balance in our minor coinage metal fund is \$64,192.02, encumbered for 10 tons nickel, \$8,280.00.

Respectfully,

Superintendent.

D January 2, 1918.

Director of Mint,

January 3rd, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

In further reference to your letter of the 17th ultimo, I have now to advise that I am today in receipt of a letter of the 30th ultimo from the Acting Chief, Division of Appointments, Treasury Department, informing me that the Secretary on December 27th, 1918, approved the probationary appointment of Harry M. O'Connell as helper in this institution, from date of oath - December 12th, 1918.

Respectfully,

Thomas Amman

Superintendent.

January 4th, 1918.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose oaths of office bearing date of the
2nd instant of the following employees of this institution:

Ollie A. Lockhart, skilled workman.

Sheridan S. Wilcox, watchman,

Tecumseh S. Polts, do

John F. Welsh, helper.

I have your letter of December the 30th regarding a new
crucible that you are making. On the second instant I wrote you
Respectfully,

regarding our last order on crucibles and telling you what a disap-
pointment they were in the melting of nickel. I am giving you the
best of it when I tell you we do not get **Superintendent.** of 2 melts
per crucible when melting nickel. This makes rather expensive melt-
ing. The crucibles we purchased from Gautier & Company gave us an

4 enos.

average between 2 and 3 melts when working on nickel.

I wish you would kindly send 200 of Denver Special No. 80
crucible made of this new mixture as per your letter of December 30th.
I will give them a trial in melting nickel and let you know the re-
sult. I would thank you to send them as soon as possible.

Yours very truly,

Superintendent.

December, 1918.

4-3
January 14th, 1919.

The Auditor for the
Treasury Department,
Washington, D.C.

Sir:-

Referring to your letter of the 8th instant (ER) requesting explanation of voucher No. 317, Contingent Expenses for the 4th quarter fiscal year 1918, I would explain that an old and faithful worker suffered a paralytic stroke late at night in the performance of his duty at the mint and after receiving treatment by a physician was ordered by him removed to his home at once. The night guard summoned a taxi cab and he was so removed. This man returned to work after a week's absence and the taxi cab toll was regarded as not an improper charge against our contingent fund.

Respectfully,

Superintendent.

I have to enclose oath of office bearing even date of George
V. Welch, clerk at \$1600 per annum, who has been reinstated in his former
position which he vacated to serve in the Army.

Respectfully,

Superintendent.

Jan. 18, 1919.

Hon. Ray T. Baker,
Director of the Mint,
Washington, D.C.

Dear Sir:

I am enclosing you a letter from the Tolhurst Machine Works of Troy, New York, giving a price on a centrifugal drier.

It is necessary that I have a new one. I only have one here at the present time, and that has been in the institution for about 12 years.

I have been unable to get any other bids on a machine of this kind, and if you approve, I will ask you to kindly request the Tolhurst people to send the machine to Denver.

Yours very truly,

Thomas A. Baker

Superintendent.

January 20th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 16th instant regarding the nichrome muffles used in the New York Assay Office, will you kindly order two of these muffles for this institution, the dimensions to be as stated in your letter - length $14\frac{1}{2}$ inches, width $7\frac{1}{2}$ ", height $5\frac{1}{2}$ ", all outside measurements, without plates.

Respectfully,

Superintendent.

January 23rd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that Ambrose J. Aurand be appointed helper at this institution with compensation at the rate of \$3.00 per day, effective from February 1st, 1919.

Mr. Aurand's name has been selected from a list of eligibles furnished me by the Secretary of the 12th U.S. Civil Service District at San Francisco.

Respectfully,

Superintendent.

Jan. 23, 1919.

Secretary Civil Service Commission,
District No. 12, P.O. Building,
San Francisco, California.

Dear Sir:

I am returning the eligible list and have selected Mr. Ambrose J. Aurand for the position.

It is necessary that I have some one who has had experience in running a Wilfley table. From the examination papers I find that Mr. Bahr has never had any experience in this direction. He seems to have been a soldier and a musician the greater part of his life.

Mr. Hardy, from his examination papers seems to have had no experience except as an elevator pilot and porter, and Mr. Pendergast has had no experience along these lines, although he would have been the better man of the three from his examination papers.

Mr. Aurand informs me that during the time he was mining at Silverton, and at other times, he has had experience with both of the tables, and for that reason I have selected him.

I sent out a regular notice to all of these eligibles. Messrs. Pendergast, Bahr and Aurand called in answer to my letters. I explained the necessity of having experience to fill this position to Mr. Bahr and Pendergast, and they informed me that they knew nothing about running Wilfley tables. Mr. Hardy did not call.

For your information I wish to say that in using the Wilfley table at this institution in our sweeps cellar during the course of the month many thousands worth of gold is passed over this table, and as a matter of safety it is quite necessary that a man have experience along this line.

Yours very truly,

Superintendent.

Encs.

542
January 23rd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 18th instant regarding the annual cost report, I wish at this time to comment upon that paragraph which states that the "cost per assay at the Denver mint apparently should be \$0.304 instead of \$0.255 as carried on cost report".

As the cost report shows the number of assays made at Denver was 62,791 verifying the official figures in the Director of the Mint's report, page 23. The assay costs were \$16,067.64, which makes the cost of each assay \$0.255 as reported.

I apprehend that the Bureau computer inadvertently omitted from his divisor 10,012 silver assays.

Respectfully,

John S. ...
Superintendent.

January 24th, 1919.

The Director of The Mint,
Washington, D.C.

Sir:-

In further reference to your letter of the 18th instant discussing the report of annual costs, I would say that an examination of the comparative data furnished by the Bureau discloses the following omissions in the Denver column:

Gross ounces received should include 776,461.00 ounces re-deposits and the number of deposits received should include 1,058 re-deposits. Deposit assays made should include 10,612. silver assays. The average number of assays per deposit is therefore $\frac{3}{2}$.

Respectfully,

Superintendent.

January 25th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

To enable me to meet the expenditures of this institution for the month ending February 28th, 1919, I have to request that you cause a requisition to be made upon the Secretary of the Treasury under the appropriations for the support of this institution for the fiscal year ending June 30th, 1919, in the following amounts with which I am to be charged under my bond dated July 1st, 1917, -

Salaries of Officers and Clerks,	\$ 1,000.
Wages of Workmen,	3,000.
Increase allowed,	-
Contingent expenses,	<u>6,000.</u>
Total,	\$ 10,000.

Respectfully,

Superintendent.

January 25th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that the designation and compensation of the following employees of this institution be changed as noted effective from February 1st, 1919 :

Donald M. Champen from helper at \$3.50 per day to watchman at \$900 per annum.

Sheridan B. Wilcox from watchman at \$900 per annum to helper at \$4. per diem.

Respectfully,

Superintendent.

58
January 30th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose the official bonds of
the following employees of this institution:

Walter F. Bowen, \$5,000, dated January 20th, 1919.
Albert J. Dexter, 3,000, dated January 14th, 1919.

Respectfully,

Superintendent.

January 30th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to acknowledge with thanks the receipt
of your letter of the 25th instant authorizing the purchase of a centrifugal dryer for this institution from the Tolhurst Machine Works of Troy, New York. In order that I may proceed with the matter, however, will you kindly return the letter from the Tolhurst Machine Works enclosed with my letter of the 18th instant, and oblige,

Respectfully,

Superintendent.

January 30, 1919.

February 10th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 18th ultimo (F) requesting an analysis of items entering into the report of annual costs, I have to say:

Four assays are made originally upon each deposit here. Repeat assays in instances would add thereto.

As to the cost per thousand gross ounces of melting deposits and per thousand fine ounces of producing fine gold and silver - all labor, materials, repairs, &c. attaching to the deposit melting room enter into the melting average of that room and all labor, materials, repairs and new equipment incident to the refinery bear their burden of the costs to that branch of producing fine bullion.

In arriving at the coinage costs per thousand pieces, the entire expenses of the several branches of the coining department for labor, supplies and equipment (including all such costs in the manufacture of ingots) are taken into account. The salaries of the melter and refiner and coining superintendent and their clerical assistants are also divided properly in the several classifications.

Respectfully,

Superintendent.

February 14th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose the official bond of Joseph
H. Puskett, executed in the penal sum of \$5,000 and bearing
date of February 25th, 1919.

Respectfully,

Superintendent.

February 17th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 11th instant (F), I have to say that I am advised by our bookkeeper that it has been his custom for several years to make requests for blank forms pertaining to the Office of the Treasurer direct to that office, having understood that to be the proper procedure. However, in future all requests for blank forms of whatever nature will be transmitted officially through your office and I regret that there has been any misunderstanding in the matter.

Respectfully,

Superintendent.

February 18th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 11th instant (F) pertaining to expense accounts for the quarter ended December 31st, 1918, I have to say:

The proposal and acceptance thereof pertinent to Voucher No. 95 are enclosed having been overlooked at time of mailing voucher.

Milton P. Givens who signs voucher No. 95 for Hoyer & Company, is the bookkeeper of said firm.

December voucher No. 108 in favor of Scholtz Drug Company - the eye drop was imperatively required for a refinery workman our supply thereof being exhausted and drug store prescription prices being practically the same, no competition was solicited.

As per your instruction I have written the headquarters of the American Railway Express Company requesting authority to deduct from the next account rendered by said company \$62.46 advised by you as an overpayment of the fifth item, Voucher No. 5, minor coin shipment from Denver to New Orleans. May I note that item No. 3, transportation charge \$156.85, covered the shipment of \$10,000 nickels and item No. 5, transportation charge (corrected) \$150.00, the shipment of \$5,000 cents, while items 1, 2 and 4 each covered

71
the shipment to New Orleans of \$10,000 nickels and \$5,000 cents, transportation charge \$390.22, or \$20.93 for the combined shipment of these denominations and amounts over their separate shipment.

The Bills of Lading for minor coin shipments have always directed the billing of charges to the Superintendent of this mint, although the accounts are transmitted for payment after audit by the Bureau of the Mint. Is it desired that this direction be now changed? Silver shipments are of course executed for charges to be billed to the Director of the Mint.

Respectfully,

Superintendent.

February 19th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that the designation of Marion F. Bowers be changed from Special Guard to helper, his present compensation of \$4.00 per day to remain the same; effective from March 15th, 1919.

Respectfully,

Superintendent.

February 19th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that the compensation of Harry S. Wentworth be changed from \$3.50 per day to \$4.00 per day effective from the 16th instant, his designation of helper to remain the same.

Respectfully,

Superintendent.

February 19th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Mr. Holland E. Peirce, skilled workman at the Mint at San Francisco and Mr. N.A. Russell, helper at the Mint at Denver, desire to transfer with each other and as the exchange is entirely agreeable to the Superintendent at San Francisco and myself, I have to request that the transfer be made.

If this matter meets with your approval, I have to recommend that Mr. Peirce be transferred here as a skilled workman with compensation at the rate of \$4.50 per day, effective from date of oath.

Respectfully,

Superintendent.

February 15th, 1919

February 15th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that the compensation and designation of Fred N. Hume be changed from helper at \$4.00 per diem to skilled workman at \$4.50 per diem effective from March 15th, 1919.

Respectfully,

Superintendent.

February 24, 1919.

Official business, Government rate.
Charge U.S. Mint at Denver.

February 25th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to my letter of the 31st ultimo requesting that one L.C. Smith Bros. silent typewriter No. 8, 12 inch carriage, pica type with tabulating keys be purchased for the use of this institution - I would say the reply thereto has not reached me and we are very much in need of this machine.

Respectfully,

Superintendent.

February 25th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

To enable me to meet the expenditures of this institution for the month ending March 31st, 1919, I have to request that a requisition be drawn upon the Secretary of the Treasury against the appropriations for the support of this institution for the fiscal year 1919 in the following amounts with which I am to be held accountable under my bond dated July 1st, 1917: -

Salaries,	\$ 4,000
Wages,	8,000
Increase allowed,	1,000
Contingent Expenses,	<u>5,000</u>
Total,	\$ 18,000.

Respectfully,

John A. ...
Superintendent.

Feb. 27th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 24th instant (P) asking for further information relative to the eye drop prescription recently purchased by this institution for \$1.50 for use in the refinery, I have to advise that it is a liquid compound prescribed by a local physician to be used to prevent injurious effects of acid which occasionally gets into the eyes of the refinery operatives.

Your instructions regarding the heading on statistical form - 61, &c., will be complied with.

Respectfully,

Superintendent.

February 27, 1919.

Director of Mint,
Washington.

Leave for Washington Saturday night.

Superintendent.

Official business, Government rate
George V. Assistant at Denver,

February 28, 1919.

Director of Mint,
Washington.

Value coinage for month - Quarters: two hundred thirty thousand
dollars; Nickels forty eight thousand; Cents twenty four thousand.
Total three hundred two thousand dollars.

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

February 28th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose official bonds of the following employees of this institution executed in the penal sum of \$5,000 each:

Ambrase J. Aurand,	dated February 24th, 1919.
Joseph J. Donahue,	" " 26th, 1919.

Respectfully,

Superintendent.

February 28th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I will thank you to have prepared and forwarded fifty ounces of proof gold for the use of the assay department of this institution.

Respectfully,

Superintendent.

March 1st, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose oath of office bearing even date of Holland E. Pirce, skilled workman, transferred from the Mint at San Francisco, as per authority contained in your letter of the 25th ultimp.

Respectfully,

Superintendent.

March 1st, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that the compensation of Paul R. Hempel, foreman of the coining room of this institution, be changed from \$5.50 per day to \$6.00 per day, effective from the 1st instant without change in designation.

Superintendent.

March 3rd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that 30 obverse and 20 reverse
One Cent coinage dies be manufactured for the use of this in-
stitution; also 12 One Cent collars for large presses.

Respectfully,

L. E. H. H.
Acting Superintendent.

March 5, 1919.

The Director of the Mint,
Washington, D. C.

Sir:-

I transmit herewith surety bond in the penal sum of \$5000
executed by Fred D. Belknap, clerk at this institution, and
bearing date of February 28, 1919.

Premium receipt attached.

Respectfully

L. E. H. H.
Acting Superintendent.

March 5, 1919.

The Director of the Mint,
Washington, D. C.

Sir:-

I have to advise you that certificate of deposit dated February 28th, 1919, for the minor coinage profits was drawn in excess to the amount of twenty cents, the error occurring as follows:

The mint bookkeeper, after proving the minor coinage account for the month, mistook a seven for a nine and so drew the memorandum of application to the bank for a certificate of deposit. This error was not discovered by him until proving up for the day, the bank had closed an hour and a half previously making it impossible to cancel check and C. D.

Will you please advise the manner of correction preferable to the Bureau and your advice as early as convenient will be appreciated in order that the correction can be made before close of current quarter.

Respectfully

W. C. C. C.
Acting Superintendent.

March 10, 1919.

The Director of the Mint,
Washington, D. C.

Sir:-

I have to request for the use of this institution coinage dies
as follows:

20 Obverse Half Dollar
20 Obverse Dime
10 Reverse Dime

Respectfully,

G. C. Kelly
Superintendent.

April 21st, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have received the enclosed letters from the Secretary of the 12th U.S. Civil Service District at San Francisco. After I received the one dated April 11th, I wrote the Secretary suggesting that Mr. Hall be allowed to take a non-competitive examination and that he be given as large a percentage for experience as possible. Today I received an answer under date of April 18th which I enclose for your information.

I would appreciate it very much if you would get this matter straightened out as soon as possible and have Mr. Hall's appointment made under the Executive Order of March 26th, 1917, as per Mr. Snyder's suggestion.

I will ask you to kindly return the enclosed letter after you are through with them.

Respectfully,

Superintendent.

April 23rd, 1919.

The Director of the Mint,
Washington, D. C.

Sir:-

Referring to your letter of the 18th instant, I beg
to enclose samples of manila envelopes sizes $6 \times 3\frac{1}{2}$ and 2×2 ,
white envelopes sizes $3\frac{1}{2} \times 6$ and $3-7/8$ by $8-7/8$ and shipping
tag requested in my requisition of recent date. Regretting the
omission I am,

Respectfully,

Thomas A. ...
Superintendent.

April 25th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

To enable me to meet the expenditures of this institution for the month ending May 31st, 1919, I have to request that you will make a requisition against the appropriation provided for the support of this institution during the fiscal year ending June 30th, 1919, in the following amounts with which I am to be charged under my bond dated July 1st, 1917.-

Salaries of Officers and Clerks,	\$ 4,000.
Wages of Workmen,	8,000.
Increase compensation allowed,	1,000.
Contingent Expenses,	<u>8,000.</u>
	\$ 21,000.00

Respectfully,

Superintendent.

April 30th, 1919.

Director of Mint,

Washington.

Will be ready for settlement any time after June tenth.

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

April 30th, 1919.

Director of Mint,
Washington.

Value of coinage for April - Halves two hundred sixty seven thousand five hundred dollars; Dimes one hundred eighty nine thousand five hundred; Cents twenty five thousand. Total four hundred eighty two thousand dollars.

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

April 30th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that you will purchase for this institution forty (40) tons electrolytic copper ingots for use in the manufacture of bronze coin.

Balance Minor Coinage Metal Fund - \$56,785.00.

Respectfully,

Superintendent.

April 30th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose the official bond of Bernard V. Matson, superintendent of melting & refining at this institution, executed in the penal sum of \$20,000.00 and bearing date of April 29th, 1919.

Premium receipt also enclosed.

Respectfully,

Superintendent.

111
May 1st, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 25th ultimo, I beg
to say that Form No. 594 will answer the the purposes of the
coining department as a silver journal.

Sample forms enclosed with your letter are returned
herewith as requested.

Respectfully,

John A. ...
Superintendent.

112
May 2nd, 1919.

The Director of the Mint,
Washington, D. C.

Sir:-

I have to advise that the following changes were made in the personnel of this institution during the month of April, 1919:

Appointment.

Bernard V. Watson, superintendent of melting & refining at \$3,000 per annum, vice J.W. Wilson, demoted,
April 16th.

Demotion.

Joseph W. Wilson from superintendent of melting & refining at \$3,000 per annum to clerk at \$1600 per annum,
April 16th.

Dropped from Rolls.

Ashbel E. Hunt, temporary helper at \$3.50 per diem.
April 4th.

Promotions.

Asa Ligon from helper at \$4.00 per diem, to skilled workman at \$5.50 per diem.
April 1st.

Marshall H. White, chief electrician and foreman of machinery, compensation increased from \$6.00 per diem to \$6.50 per diem, no change in designation.
April 1st.

Respectfully,

Superintendent.

April, 1919.

It gives me much pleasure to spare Wells and Krueger for settlement
at New York on June 23rd.

A n n e a r,
Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

May 6th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of May 2nd, "March voucher No. 255, traveling expenses of Mr. Annear does not carry time of departure and arrival at the various places visited as required by travel regulations effective January 1st, 1919", - I have not received a copy of these travel regulations and did not know that new regulations had become effective or I certainly should have complied with them. I made out the voucher as we have done heretofore and regret very much that I did not know of the new regulations.

I note that you claim the war tax paid on the railroad ticket and Pullman accommodations are not reimburseable and that there is due the department \$6.58 on same. It was impossible for me to secure a ticket without paying the war tax because I did not have traveling order blanks. I started for Washington in answer to a telegram from the Director ordering me to report in that city as soon as possible and of course did not have time to secure the usual transportation requests. I am enclosing you my check for \$6.58 to cover the deficiency, but feel that this is a proper charge against the Government.

Trusting that this is satisfactory, I am

Yours very truly,

Thomas Annear

Superintendent.

May 6th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 2nd instant (P) touching my accounts for the quarter ended March 31st, I have to say:

The Cashier's daily statement for March 31st showed cash on hand in amount \$374.94 more than the accounts current for the reason that this amount in unpaid items of pay roll it appears was not brought to the attention of the bookkeeper.

I find, as you say, on deposit No. 1052 refining charge was improperly calculated, the decimal point being erroneously placed. The charge should have been 11 cents instead of \$1.14. Depositor will be mailed check for \$1.03 and the correction taken up in the accounts of this quarter.

January voucher No. 134 - "raisemore" - is a substitute for cream of tartar and very much cheaper in the market. It is used in the bleaching room.

January voucher No. 138, favor Denver Fire Clay Company for muffles: these muffles were ordered and accepted as 24 @ 1.305 each, or \$31.32 for the lot. For quite a while we had been in controversy with this company to allow us \$25.00 for a pattern belonging to the mint which it failed to return. The company executed the voucher in question deducting the \$25.00

from \$31.32 leaving a balance of \$6.32 and rendering the account against us for this amount with unit price of 4 muffles to correspond.

Voucher No.254 for March favor Bartley Crucible Company - This purchase was made after my correspondence with this company and the Bureau as to the poor quality of crucibles recently furnished. The company represented to me that it had just manufactured a lot of special crucibles for San Francisco and it believed they would give full satisfaction. It failed to mention the price of the crucibles but as we urgently required them I placed an order for immediate delivery, therefore have been unable to furnish a formal proposal with the paid voucher. I regard the price, however, as very reasonable and the crucibles have given satisfaction.

I have under separate cover written regarding March voucher No.235, traveling expenses of myself on official business East. As travel regulations effective January 1,1919, have never been furnished this office, I will thank you for a limited supply.

Respectfully,

Superintendent.

The Director of the Mint,
Washington, D.C.

Dear Sir:

Referring to your letter of May 24th regarding my recommendation changing the compensation of Harry E. Halstead, a helper in this institution, from \$4.00 to \$3.50 per day.

I wish to say in reply that I placed Mr. Halstead to work in the ingot room in the refinery and in the refinery melting room, in which place he did not give what I consider to be satisfactory service. Later I placed him in the boiler room where his services were all right. I wish to keep him permanently in this position because he seems to render better service there than in any other place up to this time.

The other helper who acts as firman only receives \$3.50 per day, and I do not believe it will be right to give Mr. Halstead a greater compensation than the other man doing the same kind of work. These are my reasons for recommending a change in his compensation. Trusting same may receive your approval, I am,

Yours very truly,

Superintendent.

May 29, 1919.

Hon. Ray T. Baker,
Director of the Mint,
Washington, D.C.

Dear Mr. Baker:

Referring to my letter of April 21st, in which I enclosed you a letter from the Secretary of the U.S. Civil Service District No. 12, at San Francisco, regarding the appointment of Mr. J. E. Hall.

Mr. Hall wishes to take his vacation this year during the month of July and make a trip to his former home in Nevada, and for that reason I wish to know if anything has been done about placing Mr. Hall permanently under the Civil Service as per the Executive Order of March 26, 1917.

The Secretary of the 12th Civil Service District has written me since I wrote you on April 21st regarding Mr. Hall's status. I will appreciate it very much if you will kindly let me hear from you in regard to this matter.

I will also thank you to return the Secretary's letter to me which I enclosed in my letter to you of April 21st.

Yours very truly,

Superintendent.

May 29th, 1919.

The Director of the Mint.
Washington. D. C.

Dear Sir:-

I have just received the following telegram from you:-

"With present force and no more overtime than at present can you not increase output of cents."

Wired you the following answer:-

We are running our five presses full capacity making forty thousand cents per press every eight hours. Shall we work presses tomorrow, Memorial day."

I wish to assure you that I would be delighted to increase our output without working more overtime if it were possible to do so. I have always insisted that all men in every department of this institution must give their best service while employed here and must give a dollars worth of service for every dollar they receive from the government. We are now running our presses twelve hours at full capacity of 40,000 pieces per press every eight hours. We are turning out \$3,000 per day in cents.

It is true that we have an extra press that you sent me from New Orleans but we have not yet been able to get ^{it} into condition to operate. It was in very bad condition when received and had to practically be made over, the same is true of the rolls received from Philadelphia. But the will all be in condition to operate by the first of the next fiscal year.

Regret very much that we cannot turn out more pennies in the twelve hours we are working and wish to again assure you we would do so if we possibly could.

Yours Very Truly,

Superintendent.

June 9th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

It has been customary at this institution to let all the employees of the operating departments have their vacations during the month of July. I have made arrangements to operate the coining department while the settlement committee is here up to July 1st, and thought possibly - due to the unusual demand for one cent pieces - you would wish me to continue operations during July or until such time as the demand for pennies has been filled.

I wish you would kindly let me know your wishes in this matter and if you desire me to do so, we will continue the operations of the coining department and let the men have their vacations later on in the year.

Respectfully,

Superintendent.

Dear Sir:-

The Superintendent of the New York Assay Office informs me that he has a motor-generator set that he is not using and would be pleased to ship the same to Denver if I could get your approval. When Mr.White, our superintendent of machinery was in New York about two years ago he inspected this set and tells me it is just the thing that we need. If you will kindly approve and will request Mr.Bovic to ship the set to Denver, it will save us from purchasing a new set.

Trusting you will approve this request, I am

June 11th, 1914.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose schedule of bids received and proposals to furnish this institution certain supplies which will be required during the coming fiscal year.

I recommend the acceptance of these bids as noted as the prices have been carefully considered and are deemed very reasonable, in some instances being reductions upon important items, such as acids and oil, from this year.

In most cases it was impossible to secure competitive proposals as the manufactures in question were under single control.

Respectfully,

John A. ...
Superintendent.

Amear,

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

July 26, 1919

Director of the Mint,
Washington, D.C.

Dear Sir:

I am enclosing you the resignation of Mr. E. D. Bartlett, a skilled workman in this institution.

Mr. Bartlett wanted me to grant him some vacation, saying that he thought he was entitled to part of his vacation at least after thirteen years' service in the Denver Mint. I informed him that it would be impossible for me to do anything along that line, but would refer the matter to you.

Yours truly,

John A. ...
Superintendent.

Enc.

July 24, 1919

Director of the Mint,
Washington, D.C.

Dear Sir:

I wish to acknowledge the receipt of your telegram of July 23rd as follows:

"Gannon, Assayer-in-charge, Salt Lake, desires transfer Denver Mint under you, preferably in refinery where technical and practical knowledge mint practice could be utilized. I am disposed to accede to his request, and wish you would take matter up with Matson and wire me."

On receipt of the telegram I replied as follows:

"Telegram concerning Gannon received. Matson on vacation and not yet returned to Denver. Will take matter up with him as soon as he returns and wire you."

Mr. Matson is still away on his vacation, but I expect him in Denver most any day.

I received a letter from Mr. Gannon in reference to this matter under date of July 19th. Mr. Matson has decided not to employ a foreman this year, but has concluded that he would appoint one man in charge of melting operations, one man in charge of silver cells, and one man in charge of gold cells, and would act as foreman himself.

I wish to say in connection with this matter that we will have almost an entirely new crew in the refinery when we start again. I have two new men there that I selected from the Civil Service list, and appointed with your approval about the first of July; one is Mr. Geo. J. Bucher, who is a chemist and assayer and was employed at the Globe Smelter in Denver until the same was closed down. He has had much experience in the refinery in former years and is a very competent man. The other man, Mr. R. P. Elight, is also a chemist and assayer and was employed by the Western Sugar Company for a number of years, and also in the vanadium fields in Colorado. Both are technical men and will be in the refinery under Mr. Matson this year.

I selected a man from the Civil Service list in place of Mr. Crarry. He is from Aspen, Colo., and a technical man, having had a great deal of experience in mining and milling in connection with gold and silver.

-2-

I have requested the Civil Service Commission to send me a list from which I will make selection for Mr. Bartlett's place. I want to select the best man I can find. All of the men named above have come with very fine references, and I believe will be quite an addition to the refinery.

As soon as Mr. Matson returns and I have had time to take the matter up with him, I will write you concerning Mr. Gannon. In his letter to me Mr. Gannon said he wanted a \$6.00 position, but there is nothing in the refinery that pays that salary except the foreman, and as Mr. Matson has decided he will act as foreman himself he will not require a foreman during the coming year. It is my desire to let Mr. Matson have absolutely his own way in the refinery and at the end of the year hold him responsible for the results obtained. I know this will meet with your approval because you so informed me before you left Denver.

Yours very truly,

Superintendent.

20
July 24th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Your letter of July 21st regarding the matter of vacations received. We completed all of our orders and finished the Peruvian dispatchment last Sunday evening at which time I closed down the coining department and ingot melting room in order that the men might have their annual leave. This has been the custom here for several years and I find it works to good advantage to let the men have all of their leave at one time. I have granted the men thirty calendar days. You will remember that I discussed this matter with you on your recent visit and informed you that I wished to close down for vacation as soon as we had all our orders filled and the Peruvian shipment made. You will remember that you told me that you thought that would be a good plan. It has been a rule here since I have been superintendent to have the machinists repair all machinery, furnaces, etc., during this vacation period and as a result of this method we have never had a serious break-down of any of the machinery of this institution during the last six years. Regarding your suggestion that it might be a good thing to run part of the coining department and a part of the ingot melting room, would say that I do not believe this would be a practical thing to do. The men in the coining department and

ingot melting room under the present plan will return to work on August 20th and by that time the machinists will have everything in shape for a continuous run for the balance of the fiscal year. However, if you wish me to do so, I can recall the men from their vacations and start up again.

Respectfully,

Superintendent.

July 25th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

To enable me to meet the expenditures of this institution for the month ending August 31st, 1919, I have to request that a requisition be drawn upon the Secretary of the Treasury against the appropriations for the support of this institution for the fiscal year ending June 30th, 1920, in the following amounts with which I am to hold accountable under my bond dated July 1st, 1917:

Salaries of Officers and Clerks,	\$ 4,000.
Wages of Workmen,	9,000.
Increase compensation allowed,	2,000.
Contingent Expenses,	<u>5,000.</u>
Total,	\$ 20,000.

Respectfully,

Superintendent.

212
July 25th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 21st instant requesting me to obtain Mr. J.H. Crary's resignation and forward same to you, I have to advise that Mr. Crary is ill and under the doctor's care at the present time and unable to attend to any business. As soon as he is well enough to give this matter his attention, I will obtain his resignation and transmit it to you.

Respectfully,

Superintendent.

July 26th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 23rd instant, I have to request that a supply for Form 2166 covering information as to personnel be forwarded to this institution.

In making recommendation for appointments - temporary and permanent - a copy of this form will be transmitted to the Bureau as directed.

Respectfully,

W. A. Rinehart

Superintendent.

July 28, 1919.

Director of Mint,
Washington.

(30) obverse and twenty (20) reverse dies of the demon-
stration of nickel five cent pieces.

Respectfully,

Superintendent.

Director of the Mint,
Washington, D.C.

August 15, 1921.

Dear Sir:

I am transmitting the estimates for the fiscal year 1921, as per your request of August 4th.

I have recommended an increase of \$500 each for the Chief Clerk and the Superintendent of the Coining Department. The Superintendent of the Melting and Refining Department receives \$3,000 per annum, and I am very much of the opinion that both the Chief Clerk and Supt. of the Coining Department should receive a like amount. It seems to me that they fill just as important positions, and have just as much responsibility, and should receive equal compensation.

I have recommended an increase of \$200 per annum for the Private Secretary. This will increase his salary from \$1200 to \$1400 per annum.

I have also recommended that three clerks now receiving \$1600 be increased to \$1800, and two that now receive \$1400 be increased to \$1600.

When we consider that living expenses have advanced from 50% to 60% during the last two years, and salaries have remained stationary, it seems to me that such an increase is only fair and reasonable and should be allowed.

I have also recommended an increase in the Wages Fund from \$100,000 to \$120,000 per annum. The skilled men employed in the operating departments receive much less compensation than men of equal skill receive from private employers, and it seems to me this thing cannot continue and is hardly fair. If we are to retain the services of our best men they should receive more wages or something like the compensation that private employers are paying men engaged in the same kind of labor. This increase is necessary and just when the high cost of living is taken into consideration.

I have also asked an increase in the Contingent Fund from \$85,000 to \$90,000, due to the advance in prices of almost everything purchased.

I wish to assure you in connection with these recommendations for increases, that the utmost economy has always been used in expending these funds, and will be in the future consistent with good efficient service.

I believe the recommendations contained in this estimate to be just and fair, and sincerely trust that they may meet with your favorable consideration.

Yours truly,

John A. ...
Superintendent.

August 15th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 11th instant (F), I enclose a communication from Assayer Wheeler in reference to his determinations on certain bars contained in Deadwood shipment No.1.

I would say that our receiving department failed to add the weight of granulation samples taken upon the re-melting of these bars to the weight noted on certificate for calculation. The Deadwood office was promptly advised when the error was discovered here that credit would be given them for the value of these samples on returns for shipment No.2 when same should be received. It is our aim to accept the assay office's figures when no material variance is found.

Respectfully,

Superintendent.

August 15th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Will you kindly place for this institution an order
for electrolytic copper for minor coinage as follows:
35 tons ingots (about 19 or 20 Pounds each).
5 tons ingots (about 10 pounds each with low bridge to facilitate
cutting to make exact weights.

In all, about forty (40) tons.

Balance minor coinage metal fund \$68,859.73.

Respectfully,

Superintendent.

August 16th, 1919.

The Director of the Mint.

Washington, D.C.

Sir:-

Answering your letter of August 13th regarding the amount I wish credited to the Wages and Contingent funds for 1920 on account of the manufacture of Peruvian discs, I wish to say that on July 22nd I wrote you as follows:

"Referring to your letter of the 17th instant relative to the gold discs manufactured for the Peruvian government, I have to advise that of the amount collected for charges \$2000 has been deposited to the credit of the Wages fund and \$37.17 to the credit of the Contingent fund of this institution."

I wish you would kindly credit same as per the above letter.

Respectfully,

Superintendent

Sir:-

I have to advise that the following changes were made in the
personnel of this institution during the month of July, 1919:

Appointments.

Joseph Rurd, watchman at \$3.00 per annum,	July 8th.
C.F. Heigold, temporary watchman at \$2.50 per day,	July 16th.
H.H. Isett, temporary watchman at \$2.50 per day,	July 9th.
A.E. Hunt, temporary watchman at \$2.50 per day,	July 10th.

Promotions.

George A. Coffman, skilled workman, from \$4.00 per day to \$4.50 per day,	July 1st.
Joseph Donahue, from skilled workman at \$4.00 per day to melter at \$4.50 per day,	July 16th.
Patrick Ryan, foreman ingot melting, from \$5.50 per day to \$6. per day,	July 1st.
E.H. Robinson, foreman rolling room, from \$5.00 per day to \$5.50 per day,	July 16th.
E.G. Smith, helper, from \$3.50 per day to \$4.00 per day,	July 1st.

Demotions.

Herbert D. Bartlett, skilled workman, from \$4.50 per day to \$4. per day, July 16th.

Dropped from Roll.

A.E. Hunt, temporary watchman at \$2.50 per day,	July 12th.
Franklin C. Coulson, temporary helper at \$4.00 per day,	July 11th.

Respectfully,

John A. ...
Superintendent.

August 18, 1919.

August 19th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 6th instant touching my accounts for the quarter ended June 30th, 1919, I would say:

The wages pay roll for period ending June 15th should have borne marginal notation stating that A.J. Aurand, helper, had worked one day overtime, making his full time for this roll 13 days as rendered.

Voucher No. 298 favor Mine & Smelter Supply Company - might I ask you to return same here with attached proposal and acceptance as the discrepancy in unit price noted by you cannot at this time be understood by the company or this office. Papers will be promptly returned you.

I enclose schedule of items making up pay roll cash on hand June 30th, 1919, and hereafter the monthly roll will be accompanied by a similar statement when necessity exists as it is taken that this is what you mean by the pay rolls being brought into agreement with bookkeeper's statements.

Respectfully,

Superintendent.

August 20th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have a clerkship here at \$1200 per annum at present filled by Mr. David H. Yaker who informs me that he expects to resign about October 1st. I would like very much to see Mr. Karl Krueger appointed to this position when Mr. Yaker resigns. Mr. Krueger is employed as a helper at \$4.00 per day at the present time and it would be necessary for him to receive a non-competitive Civil Service examination before I could recommend him for the place. Several years ago Mr. Krueger was unfortunate enough to lose one of his hands in the operating departments of this institution. I would appreciate it very much if you would take this matter up with the Civil Service Commission and find out if they will allow him to take a non-competitive examination for the place.

Respectfully,

William A. ...
Superintendent.

August 20th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

In accordance with the suggestion made by you during your recent visit to this institution, I have obtained the enclosed proposals for supplying and installing $3/4$ inch mesh screens in the refinery windows, the lower of which is by the Pioneer Iron & Wire Works in the sum of \$396.00.

Will you kindly take this matter up with the Supervising Architect of the Treasury Department and request him to authorize the installation of these screens as soon as convenient if the same meets with his approval.

Respectfully,

Superintendent.

September 4th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I return herewith the ordinary account current and schedule of pay rolls and vouchers, original and corrected, forwarded with your letter of the 22nd ultimo.

The overpayment of \$1.92 to Charles E. Trotter for the latter half of May as increase compensation will be at once deposited to the credit of that fund.

I thank you for the inspection permitted of voucher No. 298 - Mine & Smelter Supply Company - May account, and am enclosing a communication from said company confirming as proper the unit price employed in payment of this voucher which accords with the acceptance but differs from quotation on proposal sheet for the reason set forth. I would say that this flux was urgently required proposals by telephone solicited and the lower one - \$3.58 - accepted by phone and confirmed by usual mail order. The subsequent proposal sheet pertinent to bid by telephone was, as the company states, erroneously executed as to unit price and in some way overlooked in the audit by this office.

The marginal notation on pay roll for last half of June opposite name of E.G. Smith should have been $3\frac{1}{2}$ days overtime as he worked $13\frac{1}{2}$ days in all, ten of which were regular working days.

Respectfully,

superintendent

September 5th, 1919.

Dear Sir:

President Wilson will be here and will deliver an address on the League of Nations at 9 o'clock in the morning on Sept. 25th. Most of the schools will close and many of the business houses, and I would like very much to have permission to close the Mint for a half day in order to let the men have time to hear the President.

If the same meets with your approval I wish you would kindly wire me.

Yours very truly,

Superintendent.

31
Sept. 20, 1919.

The Director of the Mint,
Washington, D.C.

Dear Sir:

I am transmitting for your consideration and advice, copy of a letter from myself to the assayer of this Mint, and Mr. Wheeler's reply; and also copy of letter from myself to the Supt. of the M. & R. Dept., and Mr. Matson's reply.

Mr. Matson told me some time ago that silver melts Nos. 25 and 26 had shown an apparent gain of about 314 ounces. As soon as this was reported I immediately had the calculations checked up, which I found to be correct. I had all the records of the M. & R. Dept. checked and found them to be correct.

It seems to me that the only possible cause of this gain, is a switch in the assays, as suggested by Mr. Wheeler, which shows a gain in gold of 312.748 ounces, and a loss in silver of 249.10 ounces.

After a thorough investigation, I am convinced that we should have a credit on our last year's settlement of the above amount in gold, and be charged with a loss of the above amount in silver.

This is the first time such a thing has happened since I have been in this institution, and I am informed by Mr. Leach that this is the first time it has ever happened.

I regret this very much, but am somewhat pleased also that it lowers our loss in gold of last year to the amount of the above.

Yours very truly,

Thomas A. Mendenhall
Superintendent.

Enclosures.

September 23rd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 18th instant
(P), I am enclosing a statement from Mr. Watson, superin-
tendent of melting & refining.

I would add that Mr. J.W. Wilson, former super-
intendent of melting & refining, informs me that for the
fiscal year ended June 30th, 1919, no record was kept in
his department of the metal recoveries from sweeps collar
as had been done in former years. The only record avail-
able there is that of metal contents in tailings sold to
smelter.

Respectfully,

Thomas Watson

Dear Sir:

Mrs. E. M. Leonard, a clerk in the office of the Auditor for the War Department, desires to be transferred to Denver. She receives a salary of \$1600 per annum.

Mr. George R. Whitney, a clerk employed in this institution, desires to make the transfer with Mrs. Leonard. Mr. Whitney receives \$1800 per annum.

Mr. Whitney informs me that he has had some correspondence with Mrs. Leonard about this matter, and she informs him that the Auditor for the War Department has agreed to this transfer, it being understood and agreed that Mr. Whitney is to receive \$1900 there, and Mrs. Leonard is to get \$1600 in Denver, should the transfer meet with your approval.

I trust that this transfer may be made upon the above conditions to be effective Oct. 15th.

Trusting this transfer may be approved by you, I am,

Yours very truly,

Thomas B. ...
Superintendent.

Sept. 25, 1919.

The Director of the Mint,

Sept. 29, 1919.

The Director of the Mint,
Washington, D.C.

Dear Sir:

I have just received the following wire from the Secretary of Civil Service District No. 12, San Francisco, regarding the promotion of Karl Krueger from helper to clerk at \$1,200 per annum on a noncompetitive basis:

"Civil Service Commission wires promotion Krueger on noncompetitive examination not permissible. See regulation seven, mint regulations. Letter follows."

It is necessary that I have someone to fill the place made vacant by the resignation of David Yaker on the first of Oct. However, I will hold the place open until I hear from you in the matter.

It seems to me that Mr. Krueger should be entitled to some consideration from the fact that he lost one of his hands while employed in this institution, and while it is true that he is rendering good service in the press room, it is impossible for him to lift anything that requires two hands, which is a disadvantage.

I trust that the Civil Service Commission will make an exception in his case.

I will thank you to kindly let me hear from you in the matter as soon as you have decided what action you wish to take.

Yours very truly,

Superintendent.

November 12, 1919.

The Director of the Mint,
Washington, D. C.

Sir:

I enclose a sketch showing the exact size and shape of a copper ingot of which we received a car load last year. These ingots weighed approximately eighteen pounds each. The last two cars of ingots are smaller than the one shown in the sketch, and are solid. It is necessary to cut some of our ingots for placing in the bottom of the crucible to prevent the same from breaking when heat expands the ingots. The cutting of the ingots now on hand requires the expenditure of much time and labor that would be saved if the ingots were shaped as per enclosed sketch. The saving in crucibles would be considerable also.

I therefore respectfully ask that a shipment of forty tons of copper ingots of the shape and weight shown be sent to this institution as soon as convenient. At least ten per cent. of our ingots have to be cut, and the sketch shows how the ingots can be broken to the best advantage.

The ingots described came from the East and bore the letters
L N S.

Respectfully,

Our Minor Coinage Metal Balance
is \$20,326.99.

Form No. 2166 - Information as to the personnel - forwarded herewith for each appointment above.

Respectfully,

Superintendent.

November 26 th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

In order to carry out the instructions in your telegram of the 17th instant to operate the coining presses at this institution twenty four hours per day, I have appointed the temporary employees whose oaths of office are enclosed, formal letter recommending their appointment having been submitted through the Secretary of the 12th U.S.Civil Service District at San Francisco.

Respectfully,

Superintendent.

November 26, 1919.

Annear,

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

December 1st, 1919.

The Director of the Mint.
Washington, D. C.

Dear Sir:-

It will be necessary to install some new machinery in the Sweeps Cellar. The old Elpass mill that we have had for the last twelve years is about worn out and is very inefficient. I wish to install a new mill, and a settling tank. It will cost about \$1335.00 and I wish to have your approval before making this purchase.

Trusting that same may meet with your approval, I am,

Sincerely Yours.

Thomas C. ...
Superintendent.

December 2nd, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 24th ultimo (P) discussing our expense accounts for the quarter ended September 30th, 1919, I would say:

July voucher No. 548, favor B. Neiberger, for removal of ashes in the sum of \$14. - This was a service in the performance of annual contract July 1st, 1919.

July vouchers 1 and 8 in favor of Alexander Duggan for drayage were for service without competitive bids, Mr. Duggan being the usual expressman attending to such mint matters giving prompt and careful service and at customary reasonable charge to mint.

August voucher No. 5 favor of Hendrie & Bolthoff M & S Co in amount \$3.27 - 7 cents which might have been deducted on an overlooked agreement of 2% discount for payment within ten days, will be deposited to the appropriation credit.

Voucher No. 34 favor Mine & Smelter Supply Co in amount \$2.44 carries as noted proposal with order No. 65, at which time order 65 was unpaid but has now been paid by voucher No. 87.

Voucher No. 44 favor Continental Oil Co in amount \$1.70 - kerosene - was an exigency purchase at standard price from the largest if

not the only parent producing and distributing company in this region.

The payroll for the last half of September began the increased pay attaching to certain promotions on the 15th of the month instead of the 16th, as authorized in Bureau letter because it was desired to have these advances effective coincident with the beginning of this payroll, and it was not regarded as a material variation and probably unacceptable. However, as instructed correction will be made by refund in each instance - also in the case of Mr. Cogan which was an inadvertence.

Refund to the minor coinage metal fund of the value of certain copper for refinery use taken from the minor coinage metal stock was delayed because of the fact that the superintendent of melting & refining had promised to cover back that exact amount of copper from refinery cleanup, but at the last minute found his product of insufficient high grade for proper calculation and refund.

Respectfully,

John A. ...
Superintendent.

November December 2, 1919.

Director of Mint,
Washington.

Dimes abrupt grate. Nickels acacia locket. Cents deuce aback. Paid dimes
ditty. Nickels opiate target including delivery bottom. Cents cellar. Unpaid
dimes cardon, Nickels marat.

Admear,

Superintendent.

December 16, 1919.

Director of Mint,
Washington.

Formal letter approval temporary appointments here referring back to November dates just received from Division of Appointments states compensation three dollars fifty cents. My letter November twenty sixth to Bureau stated four dollars per diem. Men were engaged at four dollar rate and have been twice paid at this rate. Was impossible to secure helpers and melters at less money. Coinage orders twenty four hours were peremptory and difficulty was experienced in promptly securing necessary temporary force at four dollars. Please have this rate authorized retroactively and advise by wire. Minimum wage for street laborers employed by city four dollars.

As near,

Official business, Government rate.
Charge U.S. Mint at Denver.

Superintendent.

December 16, 1919.

Annear,

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

December 17th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to return bond prepared for Josiah M. Metrich, clerk,
with the request that the amount of the bond be made \$5,000, which is
the same amount of the bonds given by other clerks in the M & R Depart-
ment.

On November 3rd bond in amount \$5,000 was requested for ex-
ecution by Elizabeth M. Leonard, clerk, but this bond has not yet been
supplied.

I would request bond in amount \$5,000 for execution by Joseph
W. Wilson, clerk.

Respectfully,

Superintendent.

December 17th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to return bond prepared for execution by Benjamin M. Phillips, cashier, in amount \$30,000, with the request that in lieu thereof a bond be forwarded for his execution in amount \$20,000 as formerly attached to this position.

I have also to recommend that bond be prepared for execution by John C. Wells, superintendent of coining, in amount \$20,000, as formerly obtained, in lieu of \$25,000, as now required.

Also that bond be prepared for execution by Edward P. Leech, chief clerk, in amount \$10,000, as formerly obtained in lieu of \$20,000 as now required.

I have always regarded these bonds as excessive and in nowise strengthening the safeguards requisite to the positions covered and responsibilities involved. The tendency of bonding companies is to increase premium rates and it works a distinct hardship on men of moderate salaries to pay these premiums year after year. As you of course know it would be practically impossible to impose bonds on certain officials and employees even

appreciating the values in their care so long as they are compelled to pay the premiums on said bonds. Mr. Leach tells me that in the past thirty years the only claim made by the Denver mint on a bonding company to cover the dishonesty of an employe was for \$244.54. In the case of one Dakin, a refinery employe who served a penitentiary sentence. In that period thousands of dollars have been paid bonding companies here as premiums and still no decrease in the rate will be entertained by these agencies - quite the reverse.

Respectfully,

Superintendent.

December 17th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that the designation and compensation of Carl H. Krueger be changed from helper at \$4.00 per diem to clerk at \$1200 per annum effective from January 1st, 1920.

Mr. Krueger was recently given a non-competitive examination by the Civil Service Commission and I am advised obtained a rating of 72.75% on said examination which I believe makes him eligible for this change of designation and pay.

Respectfully,

Superintendent.

December 18th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

Our stock of standard silver dollars is nearly exhausted and as we have considerable inquiry from the banks for this denomination, I have to request that you cause to be shipped to this institution \$1,000,000 of these coins, preferably those which have not been circulated, if available.

Respectfully,

Superintendent.

December 18th, 1919.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that the designation and compensation of George H. Smith be changed from melter at \$4.50 per day to captain of the watch at \$1400 per annum, effective from date of oath.

Since the death of the former captain of the watch some years ago this position has been vacant but the necessity for its re-establishment commends itself in connection with a proper supervision of the large number of visitors to the mint. Mr. Smith is an energetic and capable employe whose service has extended over many years and under detail for some weeks to this position has given utmost satisfaction. I trust this recommendation will meet with your approval.

Respectfully,

Superintendent.

December 18, 1919.

Director of Mint,

Washington.

Dimes calix africa locket. Nickels encore mercer. Cents frigid rogne.
Paid dimes amee adagio brick. Nickels admire pastil. Cents conia grate.

January 12th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I am enclosing you a letter from the U.S. Railroad Administration and a receipted bill for \$11.30. At the time I left for our last meeting in San Francisco, I presented my transportation orders at the office in Denver and was informed that a one fare ticket would cost \$44.20 and that a round trip would cost \$55.50, so I requested a round trip ticket, making a saving of \$32.90 on the trip. Whatever transportation orders I had left were returned to Washington. It seems to me that I should be reimbursed for this \$11.30. If you think the claim is just I will thank you to take the matter up with the Treasury Department and advise me of what action they desire to take.

Respectfully,

John H. Thompson
Superintendent.

THE MINT OF THE UNITED STATES AT DENVER,
OFFICE OF THE SUPERINTENDENT.

January 14, 1920.

The Director of the Mint,
Washington, D. C.

Sir:

I have your letter of January 10th regarding the settlement of the Refinery. We will start at once and make arrangements for a settlement, but under the circumstances I do not see how we can make a settlement or have a satisfactory check at this time, because it will be impossible for me to get our sweeps operated on in time to get a settlement. The Supervising Architect has been repairing the sweeps cellar, and at this time it is practically torn to pieces, and we have not been able to operate on any sweeps for this fiscal year. It will be impossible for us to operate on these sweeps before the Supervising Architect has completed his work. You can readily see that a settlement would not be complete or possibly might not get within a thousand ounces of the correct result under the above conditions. No settlement is of any value unless it is thorough and complete. If this settlement could be delayed for a couple of months, until about the middle of April or first of May, we could get it in good shape.

The Refinery has been running in first-class shape, and we have had no difficulties of any kind this year. Mr. Watson has given it his personal attention all the time, and our product of gold and silver has been the very best we have ever had since I have been with this institution. I do not understand how a Refinery could be doing better work or could be conducted in a more practicable manner than it has this year.

It seems to me that it would do no good to have a settlement or

MINT OF THE UNITED STATES AT DENVER,
OFFICE OF THE SUPERINTENDENT.

Director 2

check unless it could be a most thorough and complete one, and you can see from the above conditions that it will be impossible to do this by the middle of February, because the repairs in the sweeps cellar will not have been completed. These repairs would have been done before this time but for delays on account of bad weather. However, I have requested Mr. Matson to start a clean-up, and will await your further instructions.

I will thank you to kindly let me know if you wish me to continue this clean-up under the above circumstances.

Yours very truly,

Thomas A. Anear

Superintendent.

Will you kindly wire me if you wish me to continue the clean up under the above conditions and oblige.

I have to recommend that Francis W. Tucker be appointed a helper at this institution with compensation at the rate of \$3.50 per day and that the same be made effective from the 28th instant.

Mr. Tucker's name has been selected from the eligible list furnished me by the District Secretary of the 12th U.S. Civil Service at San Francisco.

Form 2166 - Information as to the personnel - herewith enclosed.

Respectfully,

James A. [Signature]
Superintendent.

January 21, 1920.

Director of Mint,
Washington.

Contractor says he can make arrangements to let us use sweeps cellar about February first if weather will permit. Letter follows.

Answer,

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

January 21st, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I received your telegram yesterday as follows: Take up immediately with representative Supervising Architect necessity of getting sweeps cellar in operation by February first. Wire result conference".

I took the matter up with the representative of the Supervising Architect yesterday and with the contractor this morning and just wired you that the contractor thought he could make arrangements to let us have the sweeps cellar by February first if the weather permitted. The weather today is very cold and he cannot pour concrete when it is freezing as it would spoil same. It will take us at least fifteen days time to operate on the material we have for the sweeps cellar after we can start to work. You will see from the above information that the time at which we can start the sweeps cellar will depend entirely upon the weather which is very uncertain this time of the year. If the settlement could be delayed until March 1st, it seems to me it would be better as far as we are concerned at this end. We have not operated on any sweeps for this fiscal year. I expected to start immediately on completion of the sweeps cellar and for that reason had done nothing with the sweeps up to this time. I will keep you advised as to the progress made by the contractor, and will push the work as much as possible.

Respectfully,

Thomas A. ...
Superintendent.

January 22nd, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that you will purchase for this institution forty tons electrolytic copper ingots to be employed in minor coinage.

I would prefer that this shipment be made up of the short, stocky ingots customarily supplied by the Tanana Smelting Company.

My metal fund balance is today \$27,720.00 which will care for all metal purchases prior to this order and leave about \$6,000 balance which will be more than sufficiently increased to take care of this purchase by the time of its arrival.

Respectfully,

Thomas Amear
Superintendent.

January 29th, 1920.

The Director of the Mint.
Washington. D. C.

Dear Sir:-

I regret very much to inform you of the death of Mr A.S. Whitaker, one of the clerks in this institution.

Mr. Whitaker has been in the mint service since July 8th, 1895, and has rendered good and efficient service. He was a most loyal citizen and a good clean man in every respect and the government loses a most competent employe in the death of Mr Whitaker. He was almost seventy six years of age when he passed to the Great Unknown today.

Yours Very Truly.

James A. ...
Superintendent.

February 10th, 1920.

The Director of the Mint.
Washington. D. C.

Dear Sir:-

I have your letter of February 6th regarding the oaths of temporary employees. We have not yet received the ^{approval} of the following temporary employees, but they started to work at the date set opposite their names.

Paul Berger Feb 3d, 1920.
Oswald Whitney Feb 2d, 1920

Lewis J. Smith Feb 3d, 1920.
Oliver H. Weideman Feb 3d, 1920.

These men were put to work on account of vacancies due to the flu. I have had from 15 to 19 men sick for the last ten days or two weeks.

If were necessary for me to send the names in the regular way I should have had to discontinue some of the operations as it takes about ten days to make an appointment in the regular way. I have to send the memo San Francisco and in turn they send to you and then it is transmitted to me. In an emergency you can see it is impossible for me to keep running unless there is some way to fill vacancies. I have 45 men on the sick list today. I am writing this letter myself because I have no stenographer or typewriter in the building. They are all sick. Deafening flu, grip and colds and every institution in town is running short of employees. I do not wish to violate any of the rules of the Mint and trust my explanation is satisfactory.

Yours Very Truly,

Thomas Amos
Superintendent.

February 12th, 1920.

The Director of the Mint.
Washington, D. C.

Dear Sir:-

Mr R.K. Giddard, Secret Service Agent in Charge at Denver called this morning and had the gold anodes that were recovered from Orville Harrington photographed. He informed it was necessary to have this done as evidence at the trial.

I am calling your attention to this matter because of Department Circular No. 179 under date of January 6th, 1920. Under the circumstances it seems to me this is not a violation of the orders in this circular letter.

Yours Very Truly,

John C. ...
Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

February 21st, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have your letter of February 17th regarding the closing of the refinery at this institution until August 1st. At the time of our recent conference, during your last visit to Denver, I recommended to you that it would be to the best interests of this institution and also the Government to close the refinery until August the 1st after we had completed our present cleanup. I made this recommendation because our bullion deposits have been so very light during the last six or eight months. If we had continued the refinery until the end of the fiscal year, we would have almost exhausted our supply of bullion. By closing the refinery until August 1st we will be enabled to get a nice balance for the next fiscal year.

Respectfully,

Thomas Amear

Superintendent.

February 21st, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to advise that the following changes were made in
the personnel of this institution during the month of January, 1920:

Appointments.

C.T. Roberts, temporary helper at \$4.00 per day,	January 5th.
R.N. Saxman, do	" 7th.
P.M. Parker, do	" 8th.
R.W. McAllister, do	" 15th.
J.T. VanDerlisse, do	" 15th.
R.P. Swadley, do	" 27th.
E.L. Koenig, do	" 28th.
Francis W. Tucker, helper at \$5.50 per day,	" 28th.

Dropped from Rolls.

A.T. Morgan, temporary helper at \$4.00 per day,	" 9th.
E.J. Ruff, do	" 27th.
G.F. Niegold, do	" 27th.

Resignation

E.C. Tulin, laborer at \$3.00 per day,	" 5th.
--	--------

Deceased.

A.S. Whitaker, clerk at \$2,000 per annum,	" 25th.
--	---------

Respectfully,

Superintendent.

February 20th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to advise that under date of February 5th, 1920,
I issued a furlough and rating card to Earl C. Bell, skilled workman
at this institution at \$5.00 per day, in accordance with Section 2,
Rule 3, Civil Service Regulations, his rating being as follows:
Workmanship 100; Conduct 100.

Respectfully,

Superintendent.

February 24, 1920.

Director of Mint,
Washington.

Telegram relative to appointment of machinist received. Am forwarding
letter explaining.

A n n e x,

Superintendent.

Official business, Government rate.
Charge U.S. Mint at Denver.

February 25th, 1920.

The Director of the Mint.
Washington, D. C.

My Sir:-

I received your telegram last evening as follows:-

"Referring to letter nineteenth received today recommending appointment temporary machinist, can you not utilize services refinery employes for whom you have no need in refinery."

I wired you reply yesterday evening as follows by night letter:-

"Telegram relative to appointment of machinist received. Am forwarding letter explaining."

I have five vacancies here at this time, one of them a machinist. There are some of the refinery men who can fill the bill as a machinist. During the time the refinery is shut down I wish to install all the new machinery in the Sweeps Cells and remove the old machinery now there. It will be necessary to repair some of the refinery pipes set, put in new tanks, as the old ones have been in so long they have started to leak. There is also some work in the Coining department to do. All these improvements along the line we talked over during your recent visit, to make these places more efficient. Another thing, we have always been running five presses until quite recently, now we are running the six. The ingot room force could just keep up with the coining department with five presses. I wish to employ all the refinery men I can spare to work in the ingot room and get a supply of nickel and bronze ingots ahead, so that I can keep the coining room supplied when the refinery starts again. You may rest assured Mr Baker I will see that all the men are employed to advantage. I also have a lot of moulds and repair work in the machine shop at this time that will need attention. Of course I will not need the vacancies to be filled

446
until the refinery starts. Mr. Smith whom I have recommended for temporary appointment is a skilled machinist.

A few days ago I recommended the appointment of a Mr. Lynn for permanent appointment as helper. The recommendation was sent through the Civil Service Secretary at San Francisco. I sent this recommendation because Mr. Lynn informed me that he had had some experience as a machinist but was not a skilled workman. I made this recommendation thinking it would be impossible for me to get a machinist. Later Mr. Smith was application and being a skilled workman, I thought he could fill the bill much better until such time as the Civil Service Commission would have an eligible list for machinist. I will ask you to kindly hold up Mr. Lynn's appointment until later on in the year.

Respectfully,

Thomas Amear

Superintendent.

February 25th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that one set of cutters for dressing
rolling machines for each of the following denominations be for-
warded to this institution as early as convenient:

Half Dollars.
Quarter Dollars.
Dimes.
Nickels.
Cents.

Respectfully,

Superintendent.

February 25th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

To enable me to meet the expenditures of this institution for the month ending March 31st, 1920, I have to request that you will cause a requisition to be made upon the Secretary of the Treasury against the appropriations for the support of this institution during the fiscal year ending June 30th, 1920, in the following amounts with which I am to be charged under my bond dated July 1st, 1917:

Salaries of Officers and Clerks,	\$ 4,000
Wages of Workmen,	11,000
Increased compensation allowed,	1,500
Contingent Expenses,	5,000
Total,	\$ 21,500

Respectfully,

Superintendent.

February 26th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that Allen M. Webb, at present employed in the Custodian's Service at the Post Office Building in this city, be transferred to this institution to the position of laborer with compensation at the rate of \$5.00 per day, vice E.C. Tumlin, resigned, same to be effective from date of oath.

I enclose letter under date of February 25th from the Custodian assenting to this transfer and also application from Allen M. Webb in the premises.

Respectfully,

Superintendent.

February 26th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that an official bond in the penal sum of \$5,000 be prepared for execution by Harry M. O'Connell, helper in the refinery at this institution.

Respectfully,

February 27th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:

Will you please have prepared and forwarded to this
institution fifty ounces of proof gold.

Respectfully,

Superintendent.

February 27th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to advise that under date of February 26th,
1920, I accepted the resignation of E.F. Caldwell, laborer at
this institution at \$5.00 per diem, to take effect at the close
of business on that date.

His resignation is enclosed.

Respectfully,

Superintendent.

February 28, 1920.

Director of Mint,
Washington.

Value of coinage for February - Quarters ninety five thousand dollar.†
Dimes one hundred seventy five thousand dollars; nickels fifty four
thousand seven hundred dollars; cents fifty nine thousand dollars. Total
three hundred eighty three thousand seven hundred dollars.

A n n e a r,

Superintendent.

Official business, Government's rate.
Charge U.S. Mint at Denver.

February 26th, 1920.

To whom It May Concern:-

The bearer of this letter - Mr. H.L. Burger - has been employed by this institution for about three months. His services were very satisfactory and I have found him to be a very competent and efficient young man and take much pleasure in recommending him to any one requiring the services of a man of this kind.

Thomas A. ...
Superintendent.

February 26th, 1920.

Hon. G.L. Snyder,
Secretary, 12th U.S. Civil Service District,
San Francisco, California.

Dear Sir:-

I am writing you regarding Mr. Samuel L. Davidson who was appointed as an unclassified laborer at this institution on January 6th, 1914. Since July 1st, 1915, he has been working in the rolling room doing a helper's work. I have found him very efficient and competent and if there is any way I could have him promoted to a helper without violating any rule of the Civil Service I would like to do so. I think he has earned a promotion of this kind. His services are much more valuable than those of a new man could possibly be. I understand that he has taken an examination of helper with experience, but I do not wish to send for the eligible list in order to give him a promotion because his name might not be one of the names certified. If there are any suggestions you could make to promote Mr. Davidson to the position of helper, I would appreciate your kindness in the matter.

Respectfully,

Thomas A. Kearney
Superintendent.

February 28th, 1920.

The Colorado Iron Works,
33rd & Wynkoop Streets,
Denver, Colorado.

Gentlemen:-

I wish you would kindly send me blue prints of the
machinery that we recently purchased from you. I had a blue
print of this machinery that I laid it away and cannot find it again.

Yours very truly,

Thomas A. ...
Superintendent.

Feb. 2, 1920

February 26th, 1920.

To Whom It May Concern:-

The bearer of this letter - Mr. Louis Gex - has been employed in this institution for about three months. His services were very satisfactory and I have found him to be a very competent and efficient young man and take much pleasure in recommending him to any one requiring the services of a man of this kind.

Thomas A. Armes

Superintendent.

February 28th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 17th instant (?) directing attention to certain items in the expense accounts of this institution for the quarter ended December 31st, 1919, the items are now taken up in order of your notation:

October voucher No. 91, in favor of the King & Smelter Supply Company, I find carried an item of 6 shoe knives at \$1.65 each instead of \$1.65 per dozen. The overpayment of \$9.07 will be collected and repaid into the Treasury. This particular voucher was prepared it appears by the company itself and omitted the "unit" classification and in some inexplicable manner was passed though at variance with the proposal and acceptance.

October voucher No. 100, in favor of Chas. A. Schieren Company, is returned with written certification in lieu of typewritten one.

October voucher No. 115, in favor of the Wilson Lamp Works, carries item of 100 - 35 watt lamps, 220 volt; this item should not have been included with the contract items as it was a non-contract purchase. This lamp was a carbon filament which experience had proven considerably longer lived in melting rooms where subjected to very heated atmosphere. The tungsten filament is these rooms would not stand up against this surrounding heat. In future as you request the contract item numbers will be noted on vouchers.

Voucher No. 143 in favor of the Hartley Crucible Company, was properly paid as the 10 discount for quick delivery of the black lead rings could not be taken advantage of. These rings were received in advance of the other goods, 6 portions were broken and delayed inspection by the company's representative found necessary. The voucher omitted the real date of delivery.

November voucher No. 143 covering purchase of a motor from the Westinghouse Electric & Manufacturing Company. This purchase was made under supposed authority of the Director of the Mint in ordering the old coining press shipped from New Orleans to be put into commission at the earliest possible date.

December voucher No. 165 in favor of the Western Iron Foundry Company was signed by J. Ernest Higson, member of the firm.

I enclose schedule of gold bars for the quarter sold for cash with charges thereon, the money being deposited with the Assistant Treasurer at New York.

On pay-roll for the period of November 28th to December 15th, W. G. Campbell Helper at \$3.50 per diem, was properly paid for 14 days, the marginal notation "4 days over" being in error.

As you prefer, the pay-roll sheets will be footed in future and amounts carried forward.

Respectfully,

[Handwritten signature]

Superintendent.

February 26, 1920.

March 2nd, 1920.

The Director of the Mint,
Washington, D.C.

Sirs:-

I wish you would kindly see the Supervising Architect and find out if he would be willing to install an electric hoist or crane at the back door of this building.

We have no method of loading or unloading except by hand which is very slow and inefficient and sometimes very difficult. I would like to have a hoist that would handle a ton and a half in weight. I spoke to Mr. Whitted, representative of the Supervising Architect in this city, about this matter and he informed me that he would be pleased to make such a recommendation to the Supervising Architect.

Trusting that this may meet with your approval, I am

Respectfully,

Thomas A. Adams
Superintendent.

March 2nd, 1926.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request authority to purchase one testing transformer for 220 volt alternating current as per the enclosed proposal of the Westinghouse Electric & Manufacturing Co., for the sum of \$512.90. No other bid was obtainable for a similar apparatus.

This machine is to be used in testing armatures and will save considerable expense and time in discovering and locating defects in such electrical equipment.

Respectfully,

John A. ...
Superintendent.

P.S. Please return the enclosed papers.

March 2nd, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to request that official bonds be prepared for
execution by the following employees of this institution in the
amounts stated:

James C. Rains,	\$5,000
Franklin C. Conlon,	5,000
Francis W. Tucker,	3,000

Respectfully,

Thomas A. ...

March 2nd, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to enclose copies of office bearing date of
March 1st, 1920, of James C. Rains and Franklin C. Conlon, both
employes at this institution.

Respectfully,

Thomas A. ...

March 5th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 28th ultimo, I find an error was made in the die report giving the number of nickels struck during the month of December. I enclose a corrected copy of said report.

Respectfully,

Superintendent.

March 5th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I am in receipt of your letter of March 1st in which you advise me that the wages appropriation has but \$5,000 available for the current fiscal year. We have expended on temporary labor and overtime \$18,841.93 and it will be necessary to have a deficiency appropriation for this amount in order to continue coinage operations until June 30th.

Under date of November 17th, 1919, I was instructed to run coining presses for twenty four hours until further orders and the above deficiency was created in complying with those orders.

It will not be necessary to have a deficiency appropriation for contingent expenses as we have an unencumbered balance of approximately \$30,000 which I believe will be sufficient for the remainder of this fiscal year.

Respectfully,

Thomas Ammer
Superintendent.

March 15th, 1920.

Hon. Raymond T. Baker,
Santa Barbara, California.

Dear Mr. Baker:-

Mr. Hawkins left here today at 2 P.M., over the Burlington with the body of Mr. Wirth. I received a telegram this morning from the Bureau informing me that Mrs. Wirth had decided to bury him at Philadelphia.

Mr. Wirth was taken sick last Monday morning and was removed to Saint Joseph's Hospital at 6:30 o'clock that evening and placed under the care of Dr. T.J. Carlin. Mr. Wirth was acquainted with Dr. Carlin who had formerly been his family physician. Later on Dr. Bagot was called in. Saturday evening Dr. Carlin said Mr. Wirth was out of danger and we thought he would be up and able to return home in a few days. Sunday morning about 10 o'clock after eating breakfast he was taken with a severe pain in his stomach. The doctors were both called and declared that an ulcer in his stomach had eaten through and that an operation would be immediately necessary. They also said they did not believe that even with an operation he could live very long, but that it was his only chance. He lived about one hour after the operation. He ^{was} conscious right to the last. You may be sure the sudden turn for the worst and his death was a great shock to all of us. The two doctors are considered two of the best in this city. Mr. Wirth received every attention that was possible to give him. At first the doctors said he had appendicitis, but this does not appear to have been the case be-

cause his death was due to the breaking of the ulcer which Dr. Bagot said was of long standing.

I wish the expense of Mr. Wirth's illness including the casket, the hospital and doctors' bills could be charged to my Contingent Fund. Mr. Wirth was here under Government orders and was taken sick while in the performance of his duty and it would seem to me that this would be no more than right. I wish to respectfully submit this proposition to your consideration. There is nothing that has happened for a long time in Denver that I regret more than I do the untimely passing of Mr. Wirth.

Yours very truly,

Thomas Amundson

Superintendent.

1920.

March 17th, 1920.

The Director of the M^{ns}.
Washington, D.C.

Sir:-

I have your letter of March 11th regarding the deficiency appropriation our Wage Fund. In my letter to you of March 5th, I advised you that we had expended on temporary labor and overtime the sum of \$18,854.93. I find that we will require \$28,945.00 for wages to operate this institution on an eight hour basis to June 30th without any overtime or temporary employees. I have four vacancies here at this time which it will not be necessary to fill until July 1st.

Amount necessary to operate to June 30th,	\$ 28,945.00
Less unencumbered balance,	<u>12,725.77</u>

Amount of deficiency necessary

\$ 16,219.23

It will be impossible to operate without a deficiency of this amount. In order to meet any unexpected contingencies, however, it might be well to ask Congress for a deficiency appropriation of \$16,500.

Respectfully,

Thomas Amner

Superintendent.

March 16th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I have to recommend that George F.W.Brierley at present
Clerk at \$1600 per annum at this institution, be appointed Weigh
Clerk at \$2,000 per annum, vice A.L.Fribourg, furloughed, and that
the same be effective from March 16th, 1920.

Respectfully,

Superintendent.

1920.

March 17th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

Referring to your letter of the 11th instant (F) returning pay rolls with notations for correction also Schedule of Payments, and Form No. 940 for signature by certain payees, I have to return these papers herewith perfected to meet your wishes as far as possible.

Deduction of the amount paid Mr. Fribourg has not been made as noted for the reason that Mr. Fribourg was promptly remitted the cash payment on the regular pay day covered by the roll and form. A receipt has been attached to Form No. 940 in his case in lieu of his signature thereon. I would state that it has always been regarded here as unnecessary for payee's signature on this form, which covers cash payment, as the foot-note on said form reads "Vouchers for personal service rendered under the personal supervision of some administrative officer and certified by him need not be certified by the payee provided the voucher describes specifically the position, the rate of compensation and the period covered". Will you kindly construe this foot-note for us.

The affidavit of Mrs. Claire E. Whitaker, widow of Albert S. Whitaker, was overlooked in forwarding the rolls and is now enclosed to-

477

gether with Form No.940 which bears the number of check employed in this payment. Mrs. Whitaker is in the East hence her signature to the form is not obtainable.

Respectfully,

John A. ...
Superintendent.

I have to enclose the official bond of George A. Goffman, executed in the penal sum of \$3,000, and bearing date of January 2nd, 1920.

Respectfully,

Superintendent.

March 24th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I wish you would request the Supervising Architect to have a lookout gallery installed in the silver-cell room, gold-cell room and the refinery melting room. As a matter of protection to the institution, I believe these improvements are absolutely necessary. You remember we discussed this matter during your recent visit to Denver and we both agreed that this was a necessary improvement. I would like to have this done before Mr. Whitted leaves Denver.

I would also like to have the Supervising Architect install three drinking foundations in the building. I would like to have these as a sanitary measure. At the present time we are using some old tin ice collars which are altogether out of date and unsanitary. These two suggested improvements it seems to me are necessary and I would appreciate it very much if you would call the attention of the Supervising to the same at once, if they meet with your approval.

Respectfully,

Superintendent.

March 25th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

To enable me to meet the expenditures of this institution for the month ending April 30th, 1920, I have to request that you will cause a requisition to be drawn upon the Secretary of the Treasury against the appropriations for the support of this institution for the fiscal year ending June 30th, 1920, in the following amounts with which I am to be held accountable under my bond dated July 1st, 1917:

Salaries of Officers and Clerks,	\$ 4,000.
Wages of Workmen,	7,500.
Increased compensation allowed,	1,000.
Contingent Expenses,	<u>5,000.</u>
Total,	\$ 17,500.

Respectfully,

Shuman
Superintendent.

March 27th, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

I beg to acknowledge the receipt of your letter of the 23rd instant (F) with enclosures and calling attention to the matter of receipts evidencing payment to Messrs. Milson, Boutwell, Butler and McFall, and in reply have to say that inasmuch as payment was made to these employees within a reasonable time after pay day, I have had each one sign the pay roll in lieu of attaching thereto Form No. 940 and an individual receipt, this being considered the simpler way of remedying the matter.

I am therefore returning herewith the pay roll for the last half of January and abstract of payments for January without the individual vouchers and receipts, and trust the action taken will meet with your approval.

Respectfully,

John A. ...

Dear Sir:-

Mr Matson has requested me to write you and ask if his
transportation to New York could not be made out by way of Rapid
City South Dakota. He tell me that it will be necessary for him
to take his wife and family there and leave them with his brother
until such time as he can make arrangements to have them with him
in New York. He does not want them to go to New York until he is
settled and gets some money ahead in order that he may get located
again. Will you kindly let me know.

Yours Very Truly,

Superintendent.

March 31st, 1920.

The Director of the Mint,
Washington, D.C.

Sir:-

At the time of Orville Harrington's arrest for theft from the refinery, there was due him as per pay rolls \$37.37 which amount was of course withheld. The recent audit of the M & S Department here, under your direction, having shown no loss I write to ask your wishes as to the final disposition of this accrued Harrington wage, as I understand, having made inquiry touching it.

Respectfully,

Superintendent.
